Subject: Re: Next steps on Bus Office staff member

Yolonda,

Wow. I have a lot to say and do about this unwarranted move on everyone's part and the University. To keep it short at this point I will just say

In no way did I nor would I voluntarily resign from my position. I did no such thing on February 1st nor would I nor do I have plans to. No corrective action was every taken in any way leading up to this egregious letter being sent and it is my position that none is warranted.

I plan to continue my employment unless I am being terminated by the University.

It is nice to see Joe got a promotion to Assistant Director, Financial Management. Congratulations Joe.

Sincerely,

Tony Wakley
